

DIRECTOR OF CENTRAL INTELLIGENCE
Security Committee

SECOM-D-182

25 August 1983

MEMORANDUM FOR: Director of Central Intelligence

VIA: Deputy Director of Central Intelligence
Director, Intelligence Community Staff

STAT FROM:

Chairman

SUBJECT: Nondisclosure Agreement for Sensitive Compartmented
Information

REFERENCE: Judge Clark Memorandum to DCI and D/ISOO dated August 1983,
Subject NSDD-84 Nondisclosure Agreement Forms

1. Action Requested: That you sign the attached proposed memorandum to
the NFIC to promulgate the new nondisclosure agreement for SCI.

2. Background: NSDD-84 requires signature of a nondisclosure agreement
with a prepublication review clause as a condition of access to SCI. The
National Security Council approved the attached nondisclosure agreement. The
referent memorandum is the White House tasking to promulgate it.

3. The new agreement will supersede Form 4193 developed by the DCI
Security Committee in 1981 and used by the Intelligence Community in
connection with SCI access authorizations. CIA incurred an undue logistical
burden in serving as the supply point for the Community for copies of
Form 4193. The proposed memorandum encourages the Community to reproduce the
new form internally.

4. The proposed memorandum has been coordinated with the Office of
General Counsel.

5. Recommendation: That you sign the proposed memorandum.

STAT DCI SECOM [redacted] (25 Aug 83)

NATIONAL FOREIGN INTELLIGENCE COUNCIL
WASHINGTON, D.C. 20505

MEMORANDUM FOR NATIONAL FOREIGN INTELLIGENCE COUNCIL

SUBJECT: Nondisclosure Agreement for Sensitive Compartmented Information

1. The attached nondisclosure agreement for access to Sensitive Compartmented Information (SCI) is hereby promulgated. The National Security Council has determined that this nondisclosure agreement is in full accordance with the provisions of NSDD-84. Execution of this agreement is a prerequisite for access to SCI. It contains the minimum acceptable standards for protecting the security of SCI. No other form of nondisclosure agreement or variant of this agreement may be used as a condition of access to SCI unless it has been submitted to the DCI for review, and his written approval obtained.
2. DCI security policy guidance will be revised to reflect promulgation of this agreement and to specify conditions of its use. These revisions will be incorporated in DCID 1/14, "Minimum Personnel Security Standards and Procedures Governing Eligibility for Access to Sensitive Compartmented Information," and in the DCI "Security Policy Manual for SCI Control Systems."
3. In administering the prepublication review clause of this agreement, departments and agencies should ensure that materials submitted for review which contain any information relating to SCI or to intelligence sources, methods, or activities is referred to the Intelligence Community agency or agencies with interests in the subject(s) treated in the materials. (The composition of the Intelligence Community is as defined in Executive Order 12333 (3.4(f))). If there is uncertainty about which Intelligence Community agency has an interest, the material shall be referred to the Central Intelligence Agency for review. Copies of this guidance will be sent to non-Intelligence Community agencies to alert them to their obligation to refer materials submitted to them for security review. Every effort should be made to avoid the inadvertent release of SCI or classified information by ensuring that reviewers are fully knowledgeable or are backed up by others who are. In view of the 30-day response required by the agreement, rapid interagency coordination of these reviews will be necessary. Individuals should be advised that it may facilitate and expedite review if material is submitted to the Agency with which they last signed an SCI nondisclosure agreement.
4. Departments and agencies needing large quantities of these forms are encouraged to reproduce them as needed.
